ABOUT US

At 9Blot Creations, we turn corporate gifting into corporate bragging.

From premium apparel to gadgets that make your employees feel like tech CEOs, we curate gifts that don't end up in the "bottom drawer" of office history. Whether you need elegant, quirky, branded, or customised options, we create gifts that people actually use—not just politely accept.

Unwrap a world of possibilities with 9Blot's gifting solutions. We believe that a well-chosen gift not only reflects your appreciation but also strengthens business relationships.
